INTEGRATED SECURITY POLICY

Madras Security Printers Private Limited (MSP) ensures that security printing products related threats are mitigated and controlled.

In recognition of our security efforts, MSP has commitment to

- Comply the ISO/IEC 27001, ISO 14298 and Intergraf requirements

- Develop and implement policies and processes to ensure the confidentiality, integrity and availability of all critical information assets

- Satisfy applicable customer, legal and regulatory requirements; and

- Continual improvement of the security printing and Information Security management system.
